The Radio Programme in Dhivehi containing Maldivian worship songs.

I ask You, God.
From the depths of my heart, I ask You.
I ask You to forgive me.
For the many bad things I have done,
I sincerely ask forgiveness.

Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.
Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.

Nothing is hidden from God.
Nothing is hidden from God.
We try to hide our sin, but God sees everything.
In every situation we try to look clean on the outside,
we pretend to be good people, to appear righteous.

Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.
Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.

There is only one way and only one truth.
There is only one way and only one truth.
I tell you, my brothers and sisters, that way is to believe in Jesus the Messiah.
To give Him our lives, and trust Him,
To have faith in Him, and believe in Him.

Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.
Not one person here has not fallen into the trap of sin.
No one has a life without sin. All the people in the world are sinful.
