Title: **Must life be like this?**

Translation of: އިނދެގިތާ ދުނިޔެގަ ދާންވީހެ

Must I spend my life like this and face death?
Must I spend my life like this and face death?
Who will help me and care for me?
Must I spend my life like this...

My eyes ache from weeping,and I don't dare face the people because of my shame.
My eyes ache from weeping,and I don't dare face the people because of my shame.
I am just counting my days.
I am just counting my days.
Must I spend my life like this..

I thought God would not be interested in me or my problems.
I thought God would not be interested in me or my problems.
My pain is so great, it causes me to despair like this.
My pain is so great, it causes me to despair like this.
Must I spend my life like this..

But now I realize that God knows everyone needs love and respect.
But now I realize that God knows everyone needs love and respect.
And I know for sure that God gives His love to everyone freely.
And I know for sure that God gives His love to everyone freely.

Must I spend my life like this and face death?
Who will help me and care for me?
Must I spend my life like this...
