*The Radio
Programme in
Dhivehi containing
Maldivian worship
songs.*

On that holy night God was born among us.
On that holy night God was born among us.
How long the people had been waiting for this.
Many prophets proclaimed about this birth.
On that holy night God was born among us.
On that holy night God was born among us.

They saw a bright star and when they looked up
they saw a group of angels.
They saw a bright star and when they looked up
they saw a group of angels.
The angels were singing praises and thanksgiving.
The angels told them,
everyone should rejoice on this night
because God has been born among us.

On that holy night God was born among us.
How long the people had been waiting for this.
Many prophets proclaimed about this birth.
On that holy night God was born among us.

They rejoiced, and went to look
for the baby as the angels had told.
They rejoiced, and went to look
for the baby as the angels had told.
When they found Him they worshipped Him.
And they told all they had seen and heard to the mother of the baby.
This baby was Jesus.
On that holy night God was born among us.

How long the people had been waiting for this.
Many prophets proclaimed about this birth.
On that holy night God was born among us.
On that holy night God was born among us.
