The Radio Programme in Dhivehi containing Maldivian worship songs.

Everyone needs love and happiness,
There is no one who doesn't need love.
Who never feels lonely?
Everyone faces this kind of question in life.
Do you need love and happiness?

When I'm drowning and dying,
in the ocean of life.
When I'm drowning and dying,
in the ocean of life.
Who will give me a helping hand?
Everyone needs love and happiness...

I realize that even if I can't see God with my eyes,
He sees me all the time.
I realize that even if I can't see God with my eyes,
He sees me all the time.
If I ask Him to save me, He will.
And if I pray He will hear me.
Everyone needs love and happiness...

God came to earth as Jesus,
God came to earth as Jesus,
to bridge the distance
between man and God.
In exchange, He gives us love and happiness.

Everyone needs love and happiness.
There is no one who doesn't need love.
Who never feels lonely?
Everyone faces this kind of question in life.
Do you need love and happiness?
