Title: **I Sing This Tune**

Translation of: ރާގުވޫ ދީވިރޫ

I sing this tune for You, I sing this tune for You,
I sing this tune for You, I sing this tune for You.
My heart salutes, my memory is full of You and the good news You give me.
I sing this tune for You, I sing this tune for You,
I sing this tune for You, I sing this tune for You.

You are my helper, my helper, the glorious God.
You are my helper, my helper.
You have renewed my heart and given me righteousness.
You have renewed my heart.
I'm so happy, it feels like Eid. I'm so happy, it feels like Eid.
All my pains have disappeared.
??My spirit calls out..You are my God.
I sing this tune for You, I sing this tune for You,
I sing this tune for You, I sing this tune for You.

All the beautiful leaves of the palm tree are singing this tune.
All the beautiful palms.
The moon has lightened up the earth and a sweet breeze is blowing over me.
The rays of moonlight.
And my heart is happy because of Your salvation.
And my heart is happy because of Your salvation.
It feels like spring.
My heart sings a tune for You, the salutation of my heart.

I sing this tune for You, I sing this tune for You,
I sing this tune for You, I sing this tune for You.
My heart salutes, my memory is full of You and the good news You give me.
I sing this tune for You, I sing this tune for You,
I sing this tune for You, I sing this tune for You.
